

# Service Credit Hours

Each tuition year, families of students are charged a \$100 fee known as Service Credit Hours. This program helps Finney families gain a sense of ownership over the school operation and vision by asking each family unit to invest 10 service hours. Once you complete 10 hours of service to the school, you can choose to have the money refunded to you, rolled over to next year toward tuition costs, or donated to the school.

To initiate the Service Credit Hours rebate simply complete 10 hours of service, then fill out a Service Credit Hours Form, available in the main office, or online through the school website. When completed, drop this form off at the main office. Ten hours are required per family per school year, but once your hours are completed, we continue to look for and welcome your further assistance in all areas of the school.

Service credit hours can be done at the school and some tasks can be done from home and still be counted. Our desire is to encourage parent involvement in the school, partnering with you to foster excellence in character and academic achievement for our all our students. If you have any questions, please contact us at 387-3770.

Please return this form to the main office.
