## THE SOCIETY

The Charles Finney School is recognized as a leader in Christian education within the greater Rochester area. Twenty years ago, the dream was to begin a school dedicated to educating and equipping future leaders for His service. That dream continues today with the members of The Charles Finney Society. As our members partner with students, family and faculty, they become woven into the fabric of the school - ensuring its viability by supporting its students.

Your gift of prayer and resource is an investment that connects our community to the school's mission. Each society member partners with the school to build a legacy of strong community, continued compassion, and unshakable character.

An invitation to The Charles Finney Society is extended to people who believe in the mission of a God-centered education and wish to see the expansion of God's Kingdom through the support of our local youth.
